*Red text = holiday or cancelled session. Problem sets are practice, not assignments, 13 of them, carrying 5% of your final grade for practising and handing in on time, not for correct answers. Every solution key is on D2L from day one: try it yourself first, hand in your attempt, then check the key. Each problem set is due the following Monday at the 9:30 am lecture, submitted to D2L. Dates: Key Dates sheet. Full rules: Problem Set Policy sheet.*
